Get the most from your healthcare coverage

Start by choosing a primary care doctor from your insurance company's provider directory, and schedule your annual checkup. Make sure you:

- Take advantage of key in-network preventive care visits, which are covered 100% and can help you stay healthy
- Use in-network providers and benefits whenever possible
- Save money with generic drugs and mail-order programs if offered
- Call your insurance company directly with questions or to learn more about resources available to you
- Always pay your premiums on time to avoid coverage delays or lapses
